Nature of Contract: *(Briefly describe the general terms of the contract)*

Congressman Jerry Lewis secured \$80,474 of Economic and Community Development Initiative funds to the County of San Bernardino for facilities renovation, sidewalk and facade improvements of Crestline Revitalization/Houston Creek project. If HUD approves of this application, they will send us a grant agreement that will be presented to the Board of Supervisors for their approval. If the grant agreement is approved, the County would then complete an environmental review of the proposed project to determine the impact this project will have on the environment. When the environmental review process has been completed and if it is determined the project will not have an adverse effect on the environment, the County will be able to begin the implementation phase of the project.
